SUPER MIGNON QUICK COUPLING

ITEM	THREAD	PACK. QTY
BX13SMQC0	M5 M	50 pcs
BX13SMQC1	1/8 M	50 pcs

These quality couplings with the smallest dimensions are manufactured in brass nickel-plated.

The very reduced sizes allow to use the couplings for multiple applications as measures control, pressure applications, mini paint air systems and all kind of pneumatic applications.

Can be used with a max. working pressure up to 35 BAR.
