SUPER MAGNUM QUICK COUPLING

ITEM	DIAM.	WEIGHT
BX13XMQCC1	19	600 g.
BX13XMQCC2	25	683 g.

These professional quick couplings have been developed for an high flow rate (over 8.000 lt/min.), for a low pressure drop and a max. working pressure up to 35 BAR.

They are suitable to be used with compressed air and with different fluids.
